

GIVE YOUR BUSINESS A COMPETITIVE EDGE

HP MFP, Printer, and Scanner Portfolio

Companies are increasingly focused on enabling a collaborative work environment. You want engaged employees who can easily share information and ideas to improve productivity and effectiveness—in the office and on the go.

HP delivers innovation all the way up the line, from low-end printers to production-class devices. We offer a broad portfolio of hardware, software, solutions, and services to organisations of all sizes and needs. Our smart products and predictive services enable you to focus on your business—not on your print environment.

SECURITY

HP leads in print security¹

HP business printers, from Pro through Enterprise, can automatically detect and stop an attack (and notify your system of potential trouble) during all phases of operation:

- During startup, HP Sure Start validates the integrity of the boot code (for Pro devices) or BIOS (for Enterprise devices)—helping to safeguard your device from attack
- When loading firmware, whitelisting helps ensure that only authentic, good code—digitally signed by HP—is loaded
- During run-time operations, run-time intrusion detection monitors and helps prevent unexpected changes to memory
- When connecting to the network, HP Connection Inspector inspects outgoing network connections to stop malware from “calling home” to malicious servers (Enterprise only)

Self-healing HP Enterprise printers can automatically repair themselves from attack in real-time.

- HP JetAdvantage Security Manager automatically assesses and remediates device security settings² (click to view [video](#))

Protect the device

Self-healing security features automatically detect and block attacks

Built-in encryption helps protect sensitive business information

Upgradeable firmware helps protect the investment

Protect the data

End-to-end encryption helps protect sensitive data at every step along a document's journey

Print Security Health Check verifies the destination print device is safe before sending sensitive documents

Document Digital Rights Management (DRM) controls how identity-bound data is viewable to licensed users

Protect the document

HP pull print solutions help you reduce unclaimed print jobs, protect confidential documents, and improve efficiency

Data Loss Prevention interrupts the print stream when company policies aren't being followed

Nearly **5 billion** records exposed in 2018³

59% of organisations reported a print-related data loss incident in the past year⁴

FOCUS ON RESULTS

Help reduce costs, increase work efficiency, and accelerate business results with a portfolio of HP and partner solutions.

Management and security

Easily manage and optimise multi-vendor print environments and improve print application management.

HP Web Jetadmin allows you to remotely install, configure, troubleshoot, safeguard, and manage a wide variety of networked and PC-connected devices.⁵

HP JetAdvantage Security Manager offers an effective, policy-based approach to help secure HP printing and imaging devices.² Easily set security configuration policies and automatically validate settings for every HP printer and MFP in your fleet—saving you valuable IT time and resources.

HP JetAdvantage Secure Print⁶ and **HP Access Control (HPAC)** help secure documents by requiring authentication to release print jobs. In addition, extend capabilities and easily customise with HPAC—integrate job accounting, manage rights, and establish quotas for things such as colour use.⁷ Save IT time and make printing easy for the entire enterprise by using a single driver for all HP devices.⁸

Mobility

Simple and secure mobile authentication and print. HP offers customers right-sized solutions for their business.

HP Roam for Business offers secure, cloud-based printing from virtually any location and device. Automatically discover nearby HP Roam-enabled printers in the office or home office.

HP PrinterOn Enterprise helps connect virtually any desktop or mobile device to printers from multiple vendors both on and off the trusted network. The solution can be deployed on-premise or in a private cloud, to meet the needs of your business. This secure enterprise cloud printing solution helps you print simply anywhere.

Workflow

Align paper-based processes to your overall digital strategy.

HP Workpath apps help you streamline digitisation workflows—right from your MFP. The Workpath library of apps offers hyper-localised, use-specific modules without the costly and complex traditional development process. User experiences are closer to mobile app experiences, and apps can be customised for your needs.⁹

HP Capture and Route controls and tracks scanned content once it has been digitised and distributes it to its printing location.

HP Digital Sending Software allows users to route documents to a variety of destinations like email recipients, network folders, fax, FTP, a USB device, or Microsoft® SharePoint®.¹⁰ And HP Quick Sets automate the steps of a complicated workflow and provide easy access to the configurations you use most.

HP JetAdvantage Partner solutions offer simple capture programmes to sophisticated workflow automation. Current partners providing workflow solutions are Ephesoft Transact, Genius Bytes GeniusMFP, Kofax AutoStore, and YSoft SafeQ.

EXTENSIBILITY

Forward-thinking adaptability

Technology, capabilities, and user expectations never stop evolving—and HP FutureSmart Firmware and the HP Open Extensibility Platform (OXP) let your printers evolve as well.

FutureSmart firmware extends the life of the printer, offering consistency across the fleet through an intuitive interface that makes fleet-wide updates easier and allows your existing HP devices to be equipped with the same features as next-generation devices.¹¹

HP OXP creates a unified environment that makes it easy for third-party software companies to design solutions that integrate seamlessly with enabled imaging and printing devices.

WHY HP?

After 50+ years of innovations in technology, HP continues to lead the industry

Most Reliable Business Printer & MFP Brand¹²

From low-end printers ————— to ————— production-class web presses — and — 3D printing solutions

From the legendary reliability of LaserJets to PageWide Technology with its fixed printhead and delivery system to 3D print applications—HP offers a wide variety of devices and solutions that can meet your current printing needs and scale as you grow.

				
HP LaserJet and PageWide Pro Professional-quality prints; essential security, management, and solution support	HP LaserJet Enterprise and Flow Print-shop-quality colour and crisp, black text; world's most secure printing; ¹ advanced fleet monitoring, management, and reporting	HP PageWide Enterprise and Flow Game-changing low colour costs; world's most secure printing; ¹ fastest speeds in class; ¹³ lower energy use than laser competitors ¹⁴	HP ScanJet Effortlessly transform paper to digital; robust business scanning	HP JetAdvantage solutions Power crucial business processes to help reduce IT workload, enhance employee productivity, and strengthen security

Impressive A3 performance at a low price

Count on legendary HP performance and reliability at a low price. Help increase value and decrease budget with low running costs.

		
HP LaserJet MFP M438/M442/M443 series¹⁵ delivers simplified workflows and easy resource sharing in an affordable A3 desktop MFP. Help maximise value and minimise budget with low running costs. Designed for work teams of up to 10 people printing up to 5,000 pages per month. ¹⁶	HP LaserJet MFP M436 series¹⁵ offers quick and easy copying and printing. Help maximise value and minimise budget with low running costs. Designed for work teams of up to 10 people printing up to 3,000 pages per month. ¹⁶	HP LaserJet MFP M433a¹⁵ delivers simplified workflows and easy resource sharing in this ultra-affordable, reliable A3 MFP. Designed for work teams of up to 5 people printing up to 2,000 pages per month. ¹⁶

PAGEWIDE BENEFITS

HP PageWide MFPs and printers were built with advanced, modern engineering that produces beautiful colour prints at an affordable price. HP PageWide Technology delivers:

Low colour cost per page

Get the results you expect from HP PageWide Technology that delivers a low colour cost per page. Print more pages and replace cartridges less often, using optional Original HP High-Yield cartridges.¹⁷

Best-in-class speeds

HP PageWide Technology delivers best-in-class print speeds—as fast as 75 pages per minute (ppm)—for both colour and black-and-white.¹³

Fewer parts, less maintenance

Minimise interruptions with an HP PageWide device designed with the fewest parts in its class for the least maintenance.¹⁸

Made with the environment in mind

Help keep energy costs down with a device designed to use less energy than laser competitors.¹⁴ Easily recycle your Original HP cartridges at no charge through HP Planet Partners.¹⁹

For more information on the latest HP A3 PageWide printers and MFPs, watch the video [here](#).

WORKFLOW

HP PageWide and LaserJet Flow MFPs offer advanced workflow capabilities to help you capture the right content, organise, and distribute it quickly, easily, and accurately.

Large touchscreen control panel

Advanced imaging and processing options, including send to Microsoft SharePoint and built-in optical character recognition (OCR)²⁰

Embedded HP EveryPage technology

Scan every page and detect potential errors or missed pages on the spot—even when the weight, size, or condition of pages vary

Auto-orientation, auto-page crop, and auto-tone

Advanced document management features simplify production and perfect the contrast, brightness, and background removal of each page

Large pull-out keyboard for simplified data entry

Make scanned documents easier to organise and find by adding information to files and context to your email

Fast two-sided, single-pass scanning

Scan faster and more reliably with speeds up to 180 ipm²¹ and an extended-life ADF that supports higher recommended monthly scan volumes²²

HP Quick Sets

Find the right document workflow every time and run it correctly at the touch of a button. HP Quick Sets automates all the steps of a complicated workflow, on a full-colour touchscreen that's easy to use

HP PAGEWIDE PORTFOLIO

HP PageWide MFPs and Printers were built with advanced, modern engineering that produces beautiful colour prints at an affordable price.

HP A3 PageWide MFPs and Printers

PageWide Color 755

PageWide Color MFP 774

Product number	755dn: 4PZ47A	MFP 774dn: 4PZ43A
Control panel	10.9 cm (4.3-inch) colour touchscreen	10.9 cm (4.3-inch) colour touchscreen
Print speed²³	Up to 35/55 ppm, Professional/General office (GO) mode (black and colour)	
First page out (from ready, A4)²⁴	As fast as 8.2 seconds (black and colour)	As fast as 8.3/8.6 seconds (black/colour)
Scan speeds, A4²¹	Scan features not available	Up to 60 ppm/120 images per minute (ipm), simplex/duplex, black and colour
Additional features	Hardware Integration Pocket (HIP)	Not applicable
Input (standard/maximum²⁵)	Up to 650/4,650 sheets (<i>all models</i>)	
RMPV¹⁶	2,500 to 15,000 pages	2,500 to 15,000 pages

Additional features	Hardware Integration Pocket, HP High-Performance Secure Hard Disk
Flow features	Pull-out keyboard, HP EveryPage, embedded OCR, send to Microsoft SharePoint (z model only)
Input (standard/maximum²⁵)	Up to 550/2,050 sheets
RMPV¹⁶	2,000 to 15,000 pages

Optional input and finishing accessories - HP A3/A4 PageWide MFPs and Printers

Devices	Compatible accessories
PageWide Color 755, MFP 774, PageWide Enterprise Color MFP 780, MFP 785	Input: 550-sheet Paper Tray (A7W99A), 550-sheet Paper Tray and Stand (W1B50A), 3x550-sheet Paper Tray and Stand (W1B51A), 4,000-sheet High-capacity input (HCI) Paper Tray and Stand (W1B52A) Output: 350-sheet inner finisher with stapler (Flow 785zs only); 3,250-sheet external finisher with stapler (Z4L04A) (Flow 785z+ only); 2/4 hole punch (Y1G11A); Swedish hole punch (Y1G12A); Staple refill cartridge (Y1G14A)
PageWide Managed P55250 printer, P57750 MFP	Input: 500-sheet Paper Tray (D3Q23A), 2x500-sheet Paper Tray and Stand (POV04A) Output: Not applicable
PageWide Managed E58650 MFP	Input: 500-sheet Paper Tray (G1W43), Cabinet and Stand (G1W44A), 3x500-sheet Paper Tray and Stand (G1W45A) Output: Not applicable

HP LASERJET PORTFOLIO

HP LaserJet MFPs and Printers were developed specifically to address essential business printing needs—today and tomorrow. They combine extraordinary design and user experience, exceptional print quality and reliability, security that’s unmatched in the industry,¹ and extensibility features that allow them to adapt to and benefit from new technologies and new capabilities.

¹ HP's most advanced embedded security features are available on HP Enterprise and HP Managed devices with HP FutureSmart firmware 4.5 or above. Claim based on HP review of 2019 published features of competitive in-class printers. Only HP offers a combination of security features to automatically detect, stop, and recover from attacks with a self-healing reboot, in alignment with NIST SP 800-193 guidelines for device cyber resiliency. For a list of compatible products, visit hp.com/go/printerthatprotect. ² HP JetAdvantage Security Manager must be purchased separately. To learn more, please visit hp.com/go/securitymanager. ³ 5 billion records were exposed in more than 6,500 breaches in 2018. 2018 Year End Data Breach QuickView Report by Risk Based Security / Cyber Risk Analytics, <https://pages.riskbasedsecurity.com/2018-ye-breach-quickview-report>, February 2019. ⁴ Quocirca Global Print Security Study, Louella Fernandes, January 2019. ⁵ HP Web Jetadmin is available for download at no additional charge at hp.com/go/wja. ⁶ HP JetAdvantage Secure Print works with any network-connected printer or MFP. On-device authentication is available for many HP LaserJet, PageWide, and OfficeJet Pro devices and selected non-HP devices. Some devices may require a firmware upgrade. Internet connection required for cloud storage and retrieval of print jobs. Print-job release from a mobile device requires a network connection and QR code. For more information and a list of supported printers and MFPs, see hp.com/go/JetAdvantageSecurePrint. ⁷ Colour access control capabilities vary from device to device. ⁸ The HP Universal Print Driver is available for download at no additional charge at hp.com/go/upd. ⁹ Not all MFPs may be compatible with Workpath apps. Not all apps may be available in all locations. For more information about HP Workpath apps, see <http://h20195.www2.hp.com/v2/GetDocument.aspx?docname=4AA7-3703ENW>. For a list of compatible products, see <http://h20195.www2.hp.com/v2/GetPDF.aspx/4aa7-3587enw.pdf>. ¹⁰ Requires an Internet connection to the printer. Services may require registration. App availability varies by country, language, and agreements. For details, see hpconnected.com. ¹¹ Some features enabled by future HP FutureSmart upgrades may not be available on older devices if, for example, physical product characteristics limit the functionality of the new feature. ¹² BLI Reliability 2018-2021 award: In July 2018, HP was named Buyers Lab's Most Reliable Business Printer & MFP Brand by the analysts at Buyers Lab (BLI), based on lab testing from 2012 to 2018. For more information, see <https://www.keypointintelligence.com/news/awards>. ¹³ Comparison of HP PageWide A3 devices with leading in-class colour ink/laser MFPs (\$3,000-\$11,299 and €2,820-€11,199), and colour ink/laser single function printers (\$1,500-\$4,799 and €1,410-€4,599) as of February 2018; market share as reported by IDC as of Q3 2017, excluding other HP PageWide products. HP PageWide speeds based on General Office mode and exclude first page. Learn more at hp.com/go/printerspeeds. ¹⁴ Energy claim based on all TEC data reported on energystar.gov as of February 2018. Data normalised to determine energy efficiency of in-class A3 colour laser printers with published speeds of 20 to 80 ppm, excluding other HP PageWide products. Subject to device settings. Actual results may vary. ¹⁵ Available in select countries; contact your sales representative for more information. ¹⁶ HP recommends that the number of printed pages per month be within the stated range for optimum device performance, based on factors including supplies replacement intervals and device life over an extended warranty period. ¹⁷ High-yield cartridges are not included in printer purchase; purchase separately. Comparison is based on ISO 24711 cartridge yields for High-Yield Original PageWide Cartridges compared with standard-yield Original PageWide Cartridges. Learn more at hp.com/go/learnaboutsupplies. ¹⁸ Fewer service parts claim based on HP analysis of leading in-class A3 colour laser printers and MFPs as of February 2018; calculations use publicly available and/or published manufacturer rated yields for long-life consumables and assume 600,000 pages printed (using a 60% black/40% colour ratio). Learn more at hp.com/go/pagewideclaims. ¹⁹ Programme availability varies. For more information, visit hp.com/go/recycle. ²⁰ Requires an Internet connection to the printer. Services may require registration. App availability varies by country, language, and agreements. For details, see hpconnected.com. ²¹ Scan speeds measured from ADF. Actual processing speeds may vary depending on scan resolution, network conditions, computer performance, and application software. Scan speeds apply to black and colour, unless otherwise specified. ²² HP recommends that the number of scanned pages per month be within the stated range for optimum device performance, based on factors including supplies replacement intervals and device life over an extended warranty period. ²³ Measured using ISO/IEC 24734 in non-default general office print mode. Default professional print mode speed, measured using ISO/IEC 24734, is 20 ppm less than general office print mode. ²⁴ Measured using ISO/IEC 17629. Exact speed for first page out varies depending on the system configuration, software application, driver, and document complexity. Learn more at hp.com/go/printerclaims. ²⁵ Purchase of optional paper trays required to reach maximum input capacity. ²⁶ CRN®, a brand of the Channel Company, has named the HP PageWide Enterprise Color Flow MFP 785z+ the overall winner in the 2018 Product of the Year Awards in the Printer category, along with sub-category wins in Technology, Revenue and Profit, and Customer Demand. ²⁷ Touch-to-print capability is standard in the HP Color LaserJet Enterprise flow MFP M880z+ D7P71A model and may be added as an option to the HP Color LaserJet Enterprise M880z+ A2W76A and M880z+ A2W75A. Mobile device support near field communications-enabled printing. For a list of supported devices, see hp.com/go/businessmobileprinting. ²⁸ Wireless direct printing is standard in the HP Color LaserJet Enterprise flow MFP M880z+ D7P71A model and may be added as an option to the HP Color LaserJet Enterprise M880z+ A2W76A and M880z+ A2W75A. Mobile device may require an app or driver. Wireless performance is dependent on physical environment and distance from the printer. For details, see hp.com/go/wirelessprinting. ²⁹ Measured using ISO/IEC 24734 and excludes the first set of test documents. For more information, see hp.com/go/printerclaims. Exact speed varies depending on the system configuration, software application, driver, and document complexity. ³⁰ Purchase of optional paper tray required to reach maximum input capacity (MFP M436 series only). Installation from HP Authorized Service Provider only. ³¹ Reversing automatic document feeder is standard on the HP LaserJet MFP M436nda only. Requires a separate purchase for the HP LaserJet MFP M436n and M436dn models. Installation from HP Authorized Service Provider only. ³² The optional 250-sheet paper tray is a service part that requires a separate purchase and Care Pack installation. ³³ The optional reversing ADF is a service part that requires a separate purchase and Care Pack installation.
