

EcoTank ET-2726

DATASHEET / BROCHURE

This white 3-in-1 inkjet with 3.7cm LCD screen is great for busy households looking to reduce their printing costs and use mobile printing.

Slash ink costs by 90% on average with this cartridge-free EcoTank printer. It comes with high yield ink bottles that can print thousands of pages. Filling the large front ink tank is simple with the resealable and drip-free ink bottles. With this white model, you can navigate the printer's functions without a computer using the 3.7cm LCD screen – ideal for scanning and copying documents on the go.

Cartridge-free printing

Go longer between refills with EcoTank. It uses ultra-high-capacity ink tanks to completely remove the need for cartridges. In fact, it comes with the equivalent of 88 cartridges' worth of ink¹ on average.

Slash ink costs

This economical printer can save 90% on ink costs on average¹. With one set of ink you can print up to an impressive 4,500 pages in black and 7,500 in colour².

Specially engineered for ease of use

EcoTank is more compact and easier to use than ever before. Its front-facing tanks are engineered for mess-free refills and the bottles are designed to only allow the correct colours to be inserted. Thanks to the front ink level display, it's easy to see when it's finally due for a refill.

Print from almost anywhere

It's easy to print from mobiles, tablets and laptops using EcoTank. With Wi-Fi and Wi-Fi Direct, you can send documents to print from smart devices using the Epson iPrint³ app. It can even receive files from almost anywhere in the world via Epson Email Print³.

Peace of mind

With a Micro Piezo printhead, EcoTank provides a reliable printing solution which is backed by a one year warranty.

* Quoted yields are extrapolated based on Epson original methodology from the print simulation of Test Patterns provided in ISO/IEC 24712 with replacement sets of ink. Quoted yields are NOT based on ISO/IEC 24711. Quoted yields may vary depending on the images that you are printing, the paper type that you are using, the frequency of your prints and environmental conditions such as temperature. During the initial printer setup, a certain amount of ink is used to fill the print head's nozzles, therefore the yield of the initial bundled set can be lower.

1. Average number of cartridges required /savings achieved printing the same number of pages using the ink bottles included within the EcoTank range, excluding hardware price. Comparison made on the average of the A4 EcoTank range versus the average of the top 10 best selling models in Western Europe, in the period January 2017– December 2017, as tracked by GfK. Printing costs calculated on the proportion of Standard and XL cartridges as tracked by GfK for the same reference period for the Western European market, using average retail prices. Ink cartridge yields as communicated by the manufacturer's websites.
