# KSK-3230 IN

## Waterproof Mini Size Industrial Keyboard

Ergonomically designed silicone coated keyboard with 88 keys and 12 function keys. Our KeySonic keyboard has an excellent tactile feedback and is waterproof to IP68 norm and can therefore even be immersed in liquids.

The surface of the KeySonic keyboard is equipped with a special coating and therefore has a good mechanical and chemical resistance so that you can work with standard disinfectants and the keys print will not fade.
