

LogiLink®

USB3.0 to HDMI Display Adapter

Art. No.: UA0233

Experience 1080p video playback through USB 3.0 on an extended display.

10 times faster than USB 2.0, the USB 3.0 Display Adapter provides a wider bandwidth and a smooth high-resolution video content solution to add an extra display for your computer just plug and play. It works as an external USB-powered video card which provides the simplest way to add additional graphics capability instantly without hassle of opening the computer chassis. The connected display can act as a mirror or extended desktop of the main display on your computer. You can experience 1080p video playback through the HDMI interface and Super Speed USB 3.0 for both work and entertainment.

Features:

- » Compliant with USB3.0 Specification
- » Backward compatible to USB2.0 specification
- » Compliant with HDMI High Speed with Ethernet

USB3.0 to HDMI Display Adapter

Art. No.: UA0233

Application:

- Add a secondary HDMI display and extend your desktop without taking apart your computer to install a new video card
- Add multi-monitor capability to a single computer to create engaging multimedia presentations
- Use the adapter to connect your PC to your HDMI-equipped TV, for showing family pictures and movies
- Move and view your large spreadsheets across two screens without overlapping windows
- Multitask with larger landscape/desktop spaces
- Ideal for viewing multiple windows at the same time
- Increase productivity by running multiple applications on different screens and working on your email/facebook/twitter accounts all at the same time

Package Contents:

- » 1 x USB3.0 to HDMI Display Adapter
- » 1 x User Manual

Package Informations:

- » Packing Dimension: 75 x 260 x 25mm
- » Packing Weight: kg
- » Carton Dimension: 520 x 320 x 285mm
- » Carton Q'ty: 80pcs
- » Carton Weight: kg
